

SECTION IV CLASSIFICATION AND ALIGNMENT

4.1 NMAA MEMBER SCHOOL CLASSIFICATION AND ALIGNMENT

4.1.1 General

Classification and Alignment falls under the direction and purview of the Board of Directors. The Executive Director is responsible for making recommendations on matters of classification and alignment to the Board of Directors.

4.1.2 Criteria for Classification / Alignment

A comprehensive review of member school enrollment numbers is undertaken to determine classification and alignment for all sports. An average of 80-day enrollment count numbers (grades 9-12) for the second and third years prior to the start of a new block and the 40-day enrollment count numbers just prior to the start of a new block, are utilized to determine the enrollment figure for each school. All member schools are then placed in a classification by their enrollment average.

- A. There will be five (5) classifications for all sports except football in which there will be seven (7) classifications (see Section C for Football):

A	0-99
2A	100-234
3A	235-549
4A	550-1299
5A	1300+

- B. A multiplier of 1.3 will be applied to all private/boarding schools, except in the sport of football.

Exception: Boarding Schools that provide written notice to the NMAA that they will not use Bylaw 6.6.3.F to obtain eligibility for its students will not be subject to the 1.3 multiplier.

- C. In the sport of football, the top four classifications (3A-6A) will be split equally to include 16 schools in each class and based on three-year average enrollment numbers (80-80-40 counts, grades 9-12). Class 2A, 6-Man, & 8-Man will be determined using the following enrollment thresholds.

2A 11-man	170-299
8 or 11-man	90-169
6, 8, or 11-man	0-89

Schools with a winning percentage of 20% or less in three of the last four years will be given the option to play down one classification (a school cannot move down two classes from their final placement during the 2024-2026 block). To remain in this lower classification, schools must have had a winning percentage lower than 65% in both seasons of the two-year block and cannot have won a state playoff game. Note that if a school opts to play down a classification, the next school in enrollment will be moved up to ensure a balance of 16 schools in each class (Class 3A may include more than 16 schools if a 2A school(s) opts to play up).

- D. Schools will be placed into a particular classification / district for a two-year block.

4.1.3 Rules of Classification and Alignment

- A. Schools that fail to complete seasons and/or fulfill contracts in any sport may be placed on probationary status in that sport and must petition the Director and the Board of Directors to be eligible for post-season play the succeeding year. Schools must fulfill financial obligations as set by the Director prior to having their status restored.

B. In team sports, schools will not be allowed to enter a classification and/or district until the beginning of a two-year block. New schools / teams are encouraged to participate as independents but they are not eligible for district or post-season play until the beginning of the next block.

1. Exception- new schools that have appropriate plans with the NMAA for the future will be allowed to enter during the middle of a block.

C. In cross country, golf, tennis, swimming & diving, and track & field, schools may enter a district anytime during the block with proper written communication to the NMAA.

Note: For classification and alignment purposes, wrestling is considered a team sport. (See 4.1.3.B)

D. Independent status may be achieved by member schools in all team sports. Member schools who desire independent status must inform the NMAA of this intention.

4.1.4 Classification and Alignment Appeals

A. A school wishing to appeal their placement must notify the Executive Director of this fact within 72 hours of the conclusion of the Board meeting at which Classification and Alignment is decided.

B. Appeals of Classification will be considered under the following conditions:

1. In the case of an error in enrollment numbers. Appropriate documentation must be provided to indicate that the Public Education Department agrees with the enrollment number change.
2. Schools may appeal to the Board to play up in classification. If approved by the Board to do so, the school must play up in all sports for the entire block, except they may choose to play in their actual classification for football.
3. Schools may appeal to the Board to play up in classification for the sport of football.

C. Schools are requested to submit their appeal documentation to the Executive Director 24 hours prior to the start of the Board meeting at which appeals will be heard.

D. Schools will be allowed a maximum of 10 minutes to make their appeal to the Board of Directors.

4.2 ESTABLISHMENT OF NEW ACTIVITY / SPORT

4.2.1 General

New sports or activities may be admitted to the Association if 10% of the membership's high schools agree to participate and if approved by the Commission and Board of Directors. Prior to the start of a new block, NMAA staff will review all programs and conduct a feasibility study for the continuance of each sport / activity it offers.
